Mrs. Edward T. Newell,
Hotel Gotham,
New York.

Dear Mrs. Newell:-

Personally, as well as in my "official" capacity may I thank you for your gift of silverware for use at our future "numismatic tea parties". Perhaps we may hope to make them, in time, as famous as the celebrated Boston Tea Party, although this may seem to be aiming high. Certainly with your gift as provocation, we can not put off having a tea party very long. I hope it will prove possible for you to be with us when we christen your gift. If the Greek Coin Committee is the one to make the most use of it, it will not be because the others have not had a good example set them. A formal acknowledgment of your gift will follow at a later date.

With the season's most cordial greetings, I am,

Yours very sincerely,

Secretary.

My dear Mrs. Newell:-

Upon inquiry, I find that you have during several of the past years, helped our Society to meet the annual deficit. Although I do not understand that there was anything in the nature of a pledge to do this regularly, I venture to express the hope that it may be possible for you to give us this support toward the deficit of 1924. In view of our present financial condition, your aid at this time would be especially appreciated, not only by me as Treasurer, but by all who have our Society's interests at heart.

Very sincerely yours,

Treasurer.

Dear Mrs. Newell:

Thank you very much for your note anent the Bibliography. I am glad you find it impressive looking.

There was a note from Mr. Huntington this morning which I am going to quote rather for the reference it makes to Mr. Newell than on my own account. He wrote,

"It is particularly satisfactory to know that one more of the staff of our Society is making such fine, scholarly and important contributions in the field of Numismatics, and the pleasure which it gives me is a high reward for my belief in you and the institution."

Very sincerely yours

Dear Mrs. Newell:

In view of your generous contribution toward our Indian Peace Medal Fund, you may be interested to learn that we were very successful in securing sufficient funds to enable us to purchase every one of the twenty medals which we especially desired.

Our Collection of Indian Peace medals is now a truly remarkable gathering, the like of which exists nowhere else in the world. The Society is, therefore, very appreciative of your loyal and generous assistance which has contributed so largely to the fortunate result as outlined above.

Very truly yours,

Secretary

Dear Mrs. Newell:

It gives me very keen pleasure to inform you that at the meeting of the Council, held yesterday, you were unanimously made a Patron of this Society in view of your many contributions toward its Collections.

May I add that this gives but formal expression to an appreciation that has been felt by the Staff, at least, for each new manifestation of your interest in the development of our Museum.

Very truly yours,

Secretary

Dear Mrs. Newell:

Today we have been preparing for the printing of the Proceedings of Saturday's meeting. In checking over the Committee reports presented I find that yours for the Ancient Coins Committee is lacking. Could you send us a copy so that we may send it along with the others to the printer?

Sincerely yours,

Dear Madam:

We appreciate the interest evidenced by your recent communication and regret to reply that because of the critical paper shortage we are unable to enroll new members, to reinstate former members, or to enter new subscriptions at this time. We, therefore, are returning your remittance.

This situation exists because the amount of paper made available for printing the National Geographic Magazine, under the limitation orders of the U. S. War Production Board, is only sufficient to supply our present members and subscribers.

We will place your request on file in the order of its receipt and when and if vacancies occur in sufficient number to justify receiving applications again, or should additional paper become available enabling us to print more copies of the National Geographic, we will notify you promptly. Be assured that your interest is appreciated and that we are anxious to accommodate you as soon as possible.

I am confident you will understand these measures are made necessary by wartime regulations limiting the use of magazine paper, and that the restrictions, while deeply regretted, are unavoidable.

Very truly yours,

Thomas W. McKnew

Dear Mrs. Newell:

After a trip in the West of upwards of two weeks, I was back at my desk in the Numismatic Society last Friday, and the most gratifying welcome was your letter of December 9 enclosing a check for the benefit of the Society.

I read your letter at the Council meeting Friday afternoon and showed them the check. Every member of the Council was most pleased, not only to receive the funds but also to realize your continuing interest in the Society.

Now personally, I wish to thank you and to express the gratitude of every member of the Society for your kindness and interest in our work.

Sincerely,

Arthur S. Dewing

Dear Mrs. Newell:

I know your vital and continuing interest in Greek coins. The present Chairman of the Greek coin committee, Dr. Meritt of Princeton, has withdrawn. It would be a great pleasure to me and the rest of the Council members if you would care to serve as Chairman of that Committee.

I am looking forward to the pleasure of seeing you this afternoon; and this letter is written in case you find it impossible to attend our annual meeting.

Sincerely yours,

My dear Mrs. Newell:

I am sorry indeed that our paths have not crossed lately. I had hoped to see you at the Annual Meeting of the Society two weeks ago Saturday, at which time I should have expressed my enthusiastic hope that you would become the Chairman of our Greek Coin Committee.

Naturally, I am sorry that Mr. Meritt felt it necessary to withdraw his activities in the Society, because he is an outstanding classical scholar. I had hoped to kindle in his bosom an increasing and lasting interest in numismatics.

Please accept my cordial appreciation for your willingness to assume the duties of our Greek Coin Committee. You will have every cooperation from myself and the other members of the organization.

Sincerely,

Arthur S. Dewing
